Marketing & Advertising...

Gilmore Enterprises, Inc. is continually looking for new exhibitors. We are very proud of our shows and the reputation we have built. We have researched and chosen markets which have proven to be very receptive to our events. We produce shows inside convention centers and exhibition buildings where the exhibitors have the opportunity to sell in a controlled environment to an interested public. In advance of and during each show, we blitz the entire area with multimedia advertising and promotion in the form of television and radio commercials, live remotes, newspaper and magazine ads, direct mail, email blasts, billboards, etc.
